

Current ward boundaries

Boundaries to be implemented in October of 2018

**What this means for Ward 11?**

Ward 11 will now be separated into three different parts with sections of the ward joining Ward 10 and Ward 9. Boundaries between Wards 9 and 11 in Upper Stoney Creek will be merged. Therefore the new Ward 9 will include all of Upper Stoney Creek running along the Hydro Corridor just south of Rymal road/ Hwy 20, the escarpment to the North, and to the city limits in the East. Ward 10 will now include below the escarpment to the lake and from Gray Road to the city border. The new ward 11 will encapsulate from Glancaster Road to the city limits in the east, and from the hydro corridor to the city limits in the south.
